Data box identifier:	he9gwrw

¹ Under a contract of mandate in accordance with Section 43 (1) of the PPA. The person representing the Contracting Authority is not in conflict of interest, which was confirmed by the person in the form of an affidavit.

In the matter of the Tender for the above-mentioned public contract within the meaning of Section 122(2) of the Act on public procurement, the Contracting Authority

has decided on selection of the most economical bid as follows,

Bid order number	1
Company name	Industrial Marketing Corporation S.A.
Registered office	Chaussée de La Hulpe 181, 1170 Watermael-Goitsfort, Belgium
ID Number (IČO)	BE0402.962.249
Bid price excl. VAT	USD 467,410 excluding VAT
Warranty period in months	12 months
Guaranteed service request response time in hours	6 hrs

The bid **meets the conditions for participation in the Tender Procedure and does not contain an abnormally low bid price.**

Justification:

I.

On 15 May 2024, the Tender for the above mentioned Public Contract was launched by publishing the Invitation to Tender, including the tender documentation, on the profile page of the Contracting Authority.

The bids were to be delivered to the address of the contact point of the person representing the Contracting Authority, i.e. to **TENDERA partners, s.r.o., Česká 161/1, 602 00 Brno, by 17 June 2024, 10:00 a.m. at the latest.**

The Contracting Authority received a total of **1 bid** within the deadline.

In order to assess meeting of conditions for participation in the Tender and to evaluate the bids, the Contracting Authority established an evaluation committee (hereinafter referred to as the "**Committee**") that **assessed meeting of conditions of participation in the Tender** on its meeting on 28 June 2024 (hereinafter referred to as "**meeting**").

II.

In relation to the conclusions reached when assessing the qualification and bid of the Tenderer, the Committee was supposed to evaluate the bids according to the rules for evaluation of bids specified in Art. 5 of the tender documentation. Rules for evaluation of bids stipulated that the submitted bids will be evaluated according to their economic merit based on the most favourable bid price-quality ratio using evaluation criteria with the following weights:

Evaluation criteria	Weight of the criterion
Bid price in CZK excluding VAT	50%
Warranty period in months	30%
Guaranteed service request response time in hours	20%

Since the Contracting Authority received only one bid from the participant **Industrial Marketing Corporation S.A.**, the Committee did not perform the bid evaluation in terms of economic merit within the meaning of Section 122(2) of the Act on public procurement, but only declared that the received bid of the participant met the requirements set by the Contracting Authority and is, therefore, acceptable and recommended to the Contracting Authority to decide on the selection of this bid.

The Contracting Authority agreed with conclusions of the Evaluation Committee and therefore decided as stated above.

III.

In accordance with Article 14 of the tender documentation, the Contracting Authority reserved the right to publish a notification regarding the selection of the Contractor on the Contracting Authority's profile page.

In this case, the notification shall be deemed delivered to all tenderers upon its publication.

Tupesy, 28 June 2024
